

SOS Femmes en Danger PSA #1

English Translation

Written and performed by Mister Jack and TN Records, Uvira/South Kivu DRC

Title: Usi Ni Bake-Don't Violate Me!

[Girl screaming "Usi ni bake!"]

[Refrain] SOS Femmes en Danger, SOS Femmes en Danger,...
All of Africa crying,
All of our mothers are crying,
Because of this violence and these acts that don't ever stop.
In South Kivu, in North Kivu, all over Congo,
Our mothers and sisters don't know where they can go or what they can do to put an end to it.
It is this problem that I, Mister Jack, am singing of.

[Refrain] SOS Femmes en Danger, SOS Femmes en Danger,...
Dear friends,
Let us put an end to this violence.
Is it not these women who gave us birth?
Who nourished us and raised us?

[Refrain] SOS Femmes en Danger, SOS Femmes en Danger,...
We better learn to respect these women,
And learn to show them our love.
SOS can show us how, and is working with women in Kikonde, Mboko, and Kazimia cities.

[Refrain] SOS Femmes en Danger, SOS Femmes en Danger,...
SOS FED has come to speak of the peace,
To work together with women to generate peace,
To speak of the peace,
And to show us how to work together to leave the past and forge a new future.

[Refrain] SOS Femmes en Danger, SOS Femmes en Danger,...
Yes our mother were raped,
And our fathers were killed.
Some of us are left orphans with nowhere we can go.
Give thanks to those who care for our mothers and sisters.
We can ask the same of our government,
That they care for our mothers and sisters,
Until then we work together hand-in-hand,
As we fight with SOS FED to welcome our women and sisters.

[Refrain] SOS Femmes en Danger, SOS Femmes en Danger,...
